

WHY SHOULDN'T HE BE HAPPY?

With such a charming good-wisher to congratulate him on his yacht, the Shamrock IV won its second victory in the series for the America's cup. Is there any reason why Sir Thomas Lipton shouldn't be happy? There's none apparent.

GREAT LAKES WATERWAY TO ATLANTIC GETS BOOST

Will Give Builders Place With Inventors, Says Senator Townsend.

DETROIT, Mich., July 22.—"Future historians will give the builders of a waterway from the great lakes to the Atlantic an equal place in history with the inventors of steam railroads and steamboats," said United States Senator Charles E. Townsend of Michigan, speaking here today before the Great Lakes-St. Lawrence Tidewater Congress.

"Not only is a waterway to the sea necessary to keep the products of the farms in the middle west from rotting and commercial life from a state approaching stagnation, but 1,700,000 horsepower of energy will be harnessed when the work is completed. Sale of the power alone would pay for the project within a comparatively short time."

Aid of the Mississippi Valley Association in the proposed development of the St. Lawrence river was pledged by Walter Parker, executive vice president of the association.

TURKS FEARED DANGER IN DELAY OVER TREATY

Rechid Bey Warned of Drastic Penalties—New Peace Delegation.

CONSTANTINOPLE, July 21.—The decision to sign the peace treaty was reached yesterday afternoon and Damad Ferid Pasha, the grand vizier, named a new peace delegation. The delegates planned to leave Constantinople today for Paris on the steamer Gul Dermal.

Rechid Bey, minister of the interior, who is at present in Paris, will be chairman of the delegation, the grand vizier remaining in Constantinople.

The decision to sign follows a dynamic council attended by the sultan and many imperial princes, during which a telegram from Rechid Bey was read, warning that not a moment was to be lost, as Turkey unquestionably would suffer heavier penalties if she refused to sign the treaty on July 27.

Rezi Tewfik Bey, former minister of education; Hadi Pasha, minister of agriculture; and Rechid Halil Bey, minister to Sweden, are three of the peace delegates.

GERMAN REICHSTAG TO MEET NEXT MONDAY

Spa Agreements to Be Carried Out, Says Foreign Minister Simons.

LONDON, July 22.—The German Reichstag has been summoned to meet Monday, according to an Exchange Telegraph dispatch from Berlin. Its business will include a discussion of the date for holding the presidential elections.

Chancellor Fehrenbach and Foreign Minister Simons, the dispatch adds, are expected to make statements on the Spa conference at either Monday or Tuesday's session of the Reichstag.

A Koenigsberg message to the Exchange Telegraph Company says plans are proceeding for the formation of a red army in East Prussia.

BERLIN, July 22 (by the Associated Press).—The present German government intends to carry out the agreements entered into with the allies at Spa. Dr. Walter Simons, the foreign minister, declared in an interview granted the newspaper correspondents here today. He added that the previous governments had not been sufficiently punctilious in carrying out the terms of the peace treaty.

NEW YORK, July 22.—A naval court of inquiry today began an investigation of the circumstances which caused the wrecking of the Navy non-rigid dirigible balloon, C-10, which fell into Jamaica bay yesterday after a short flight over the harbor during the international yacht races.

Damage to the big airship is estimated at \$25,000.
